Notes from Mary: There are a bunch of farm activities to enjoy when you visit Thies Farm, like a straw maze (don't forget a flashlight), animals to visit (chickens, pigs, goats and even a camel!), and of course a wagon ride around the farm. And a whole lot more! This is a family owned/operated business which is now in their fourth generation, so the Thies family has had lots of time to learn how to tell visitors all about their farm and make sure everyone has an opportunity to have a really good farm visit and experience. During the year there are opportunities to pick fruit in season like strawberries other types of berries, apples and you guessed it, PUMPKINS!

Remember to take time to visit their country market (store) and maybe take home some of the wonderful products they have grown - either fresh produce that is available or canned items, like apple or pumpkin butter, spiced peaches or various sauces just to name a few. AND they will have lovely plants and flower for sale especially some lovely Autumn mums!
