

COVID-19 precautions for the SHARE dances

All Share dance locations are within St. Louis County. Therefore, we will be required to follow any St. Louis County mandates as they are required for the venue to do business. The current precautions listed below may need to change based on any mandate that may go into effect. We expect the main change would be the requirements regarding the wearing of masks or face coverings.

- Per Current St. Louis County students and volunteers are highly recommended to wear masks but it is not required. Please note this could change based on county government requirements.
- Workers, volunteers and all students will have their temperature taken before entering the building.
- Hand sanitizer will be placed in multiple locations around the facility.
- We will utilize cafeteria style food service rather than a buffet. The students will be the only ones to touch their plates and banquet center staff will be the only ones to touch the serving utensils.
- Food serving staff will wear masks and plexiglass protection screens will be in place.
- We will not be able to guarantee physical distancing of 6ft. Likewise we won't be able to monitor any specific physical distancing throughout the evening except what is usually expected during other SHARE dances. - By attending the dance students and families agree to accept any health risk presented.
